

Toopy and Binoo

Patchy Patch's Memory Game

Prepare your Memory Game...

Cut out the 12 cards for your game by following the dotted lines.

Play...

- Place the cards face down on the table. Shuffle them.
- Place the cards in rows, making 3 columns of 4 cards each.
- Turn over two cards. If they are the same, you made a pair and can keep them and continue playing. If not, turn them over to hide the picture and try to remember what they were.
- Play until you have found all the pairs.

When you're finished, don't forget to recycle the leftover paper!
